1:C Equipment and Resources Policy

Statement of Intent

We believe that high quality care and education is promoted by providing children with safe, clean, attractive, age/stage appropriate resources, toys and equipment.

Aim

We aim to provide children with resources and equipment which helps to consolidate and extend their knowledge, skills, interests and aptitudes.

Methods

In order to achieve this aim:

- We provide play equipment and resources which are safe and – where applicable – conform to the BSEN safety standards or Toys (Safety) Regulations (1995)
- We provide a sufficient quantity of equipment and resources for the number of children
- We provide resources which promote all areas of children's learning and development, which may be child or adult-led
- We select books, equipment and resources which promote positive images of people of all races, cultures and abilities, are non-discriminatory and avoid racial and gender stereotyping
- We provide play equipment and resources which promote continuity and progression, provide sufficient challenge and meet the needs and interests of all children
- We provide made, natural and recycled materials which are clean, in good condition and safe for all children to use
- We provide furniture which is suitable for children and furniture which is suitable for adults
- We store and display resources and equipment where children can independently choose and select them
- We check all resources and equipment regularly as they are set out at the beginning of each session and put away at the end of each session. We repair and clean, or replace any unsafe, worn out, dirty or damaged equipment.
- We keep an inventory of resources and equipment. This will record the date on which each item was purchased and the price paid for it

- We provide adequate insurance over for the pre-schools resources and equipment
- We use the local library to introduce new books to support children's interests
- We plan the provision of activities and appropriate resources so that a balance of familiar equipment and resources and new exciting challenges is offered
